### **Welcome New Customers!**

Enco Materials, K&K Construction Supply, and B&L Sheet Metal and Roofing have all recently joined BuildSite as subscriber customers.

BuildSite would like to extend a warm, Nashville style welcome to Enco Materials ([www.encomaterials.com](http://www.encomaterials.com)), a nine-branch family owned and operated company. Its headquarters are just a block away from the home of the Tennessee Titans. For over 90 years Enco has been offering a complete line of concrete and masonry accessories, forming and shoring systems, reinforcing and structural steel fabrication, and architectural products to contractors in Tennessee, Arkansas, Georgia and throughout the Southeast.

BuildSite would like to express our appreciation to Enco's Information Technology Director, Tom Goddard, who brought BuildSite to the branches. We would also like to welcome Debbie Bentley and Clint Albert, inside reps in Nashville, who gave BuildSite valuable feedback on its original beta version. We're glad you are with us!

K&K Construction Supply ([www.kkconstructionsupply.com](http://www.kkconstructionsupply.com)) is a certified women-owned and operated business providing sales and rental equipment to the ever expanding Las Vegas market. K&K's inside and outside reps will be using BuildSite from their East Mayflower Avenue location in Las Vegas.

We're also delighted to welcome B&L Sheet Metal and Roofing ([www.blsmroofing.com](http://www.blsmroofing.com)). B&L is a family-owned and operated company, proudly providing top quality single ply roof systems, standing seam architectural and structural metal roof systems, and metal wall systems in the greater Bloomington and Southern Indiana markets for over 30 years.
