

# USG TRANSLUCENTS™ CANOPIES

USG Transluents™  
Canopies

## FEATURES AND BENEFITS

- Preformed curved panels.
- Available in a variety of decors that feature embedded fabrics and other materials as well as solid colors from the color gallery.
- Whimsical elegance for retail, office, healthcare or hospitality environments.
- Three easy-to-use elements: wave, vault or valley.
- Individual suspension or connected groupings for ribbons or larger spaces.
- Four simple connection/suspension points for fast, trouble-free installation.
- 100% recyclable material; may contribute toward LEED credits in MR 2.1, 2.2, 4.1 and 4.2.
- USG Transluents™ Canopies meet Class B flame spread requirements, except Rain™ which is Class C.

## APPLICATIONS

- Gaming
- Hospitality
- Healthcare
- Retail
- General office

**Limitation**  
 This product is produced to order and will vary from batch-to-batch — panels ordered at the same time will be produced together and will be identical. USG cannot guarantee batch-to-batch consistency.

**Code approval**  
 USG Translucents™ Canopies panels meet Class B requirements for flame spread and smoke developed as defined by ASTM I264 and as tested in accordance with ASTM E84 and CAN/ULC S102 surface-burning characteristics. USG Translucents™ Canopies Panels also meet Class A requirements of NFPA and IBC (UBC) as interior finishes, not to be part of an air supply/return system. Designers and installers are advised to consult a fire protection engineer, NFPA 13 and their local codes for guidance where automatic fire detection and suppression systems are present.

**Seismic applications**  
 For installations on projects designated seismic design category C-F, suspension wires that are a minimum of no. 12 gauge galvanized, soft-annealed, mild steel wire shall be used. Please refer to SC2494 for more information about the seismic guidelines for specialty and decorative ceilings. Because codes continue to evolve, check with a local official prior to designing and installing a ceiling system. Other restrictions and exemptions may apply.

**Weight**  
 Approximately 2 lb./sq. ft.

**Recycled content**  
 100% recyclable.  
 Décor: min. 40% recycled content, 100% recyclable. Color Gallery: Up to 40% recycled content.
