

ROOF GARDEN

Aluminum Drain Box

Overview

Carlisle's Aluminum Drain Box is manufactured from .125 gauge aluminum and is available in standard heights of 4", 8" and 12". Carlisle's Aluminum Drain Box is designed with slots to facilitate maximum drainage and features a removable lid to easily access roof drains for maintenance and inspections. Also available in stainless steel, custom heights and anodized colors.

Features and Benefits

- Allows maximum drainage
- Available in 4", 8" and 12" heights
- Will not rust or corrode
- Extremely durable

Installation

Carlisle's Aluminum Drain Box shall be loose laid over the protection fabric or sacrificial sheet of membrane. The Drain Box is held in place with the weight of the approved ballast material.

Review Carlisle specifications and details for complete installation information.

Precautions

Edging comes with a mill finish that is prone to oxidation. To minimize oxidation, Kynar® Coated Edging is available in multiple colors upon request for an additional cost.

Limited Warranty

Carlisle Coatings & Waterproofing Incorporated (Carlisle) warrants this product to be free of defects in workmanship and materials only at the time of shipment from our factory. If any Carlisle materials prove to contain manufacturing defects that substantially affect their performance, Carlisle will, at its option, replace the materials or refund its purchase price. This limited warranty is the only warranty extended by Carlisle with respect to its materials. There are no other warranties, including the implied warranties of merchantability and fitness for a particular purpose. Carlisle specifically disclaims liability for any incidental, consequential, or other damages, including but not limited to, loss of profits or damages to a structure or its contents, arising under any theory of law whatsoever. The dollar value of Carlisle's liability and buyer's remedy under this limited warranty shall not exceed the purchase price of the Carlisle material in question.

Typical Properties and Characteristics

Height	Inside Dimensions	Outside Dimensions (Flange to Flange)	Use For
4"	11.5" x 11.5"	18" x 18"	Shallow to Medium Roof Garden Assemblies
