

Dear Valued Customer,

Cerro Flow Products, LLC has been in continuous operation in Sauget IL USA since 1908. We are an American owned company, part of the Marmon/Berkshire Hathaway Group. All of our facilities and manufacturing plant employees are located in the United States of America. Our manufacturing facilities and distribution centers locations are:

- Sauget, Illinois USA
- Mexico, Missouri USA
- Shelbina, Missouri USA
- Vinita Park, Missouri USA

BAA: We hereby certify that Cerro Plumbing’s Construction Materials* and Cerro Industrial’s Manufactured Products* are made in the United States of America. Cerro hereby certifies that our Construction Materials and Manufactured Products comply with the applicable provisions of the American Recovery and Reinvestment Act of 2009 – “Buy America Act (BAA)” provision of 49 U.S.C. 5323(j) and Code of Federal Regulations 49 C.F.R. Part 661.5

IJJA/BABAA: Cerro hereby certifies that our Construction Materials and Manufactured Products are in full compliance with the applicable provisions of the Infrastructure Investment and Jobs Act ("IJJA"), Pub. L. No. 117-58, which includes the **Build America, Buy America Act ("the Act")**. **Pub. L. No. 117-58, §§ 70901-52.**

- 100% of our Construction Materials and Manufactured Products are made in the United States of America.
- A min.70% of our raw materials (cathode) for production of billets are sourced from USA mines.

AIS: We hereby certify that Cerro copper tube is outside the scope of the AIS (American Iron and Steel) Act. Our manufactured products are 99.9% copper and so the AIS does not apply.

OMB: Cerro hereby certifies that our Construction Materials and Manufactured Products listed below, comply with the White House Office of Management and Budget - Guidance M-22-11.

* Construction Materials by Cerro Plumbing include: Plumbing Tube, ACR & K Oxy/Med Tube, Refrigeration Tube, and Linesets for HVAC.

* Manufactured Products by Cerro Industrial include: Refrigeration Tube, Continuous Coil, Grooved/Rifled Tube, Level Wound Coil and Straight Length Industrial Tube.

Respectfully submitted by:

Bob Dienstbach, ASPE
