# Slated for Perfection

From the sweep of a Victorian frame to the symmetry of a Colonial gable, the preservation of timeless architecture accented by steeply pitched roofs is a hallmark of the Carriage House® luxury shingle.

Carriage House has been painstakingly designed to evoke the unique hand-crafted look that is at home with our heritage. And the level of protection provided by Carriage House's super heavyweight construction makes for a perfect pitch.

## ARCHITECTURAL VISION

Equal measures of craftsmanship and architectural creativity are at play in this shingle. With cut-away corners and wide, dark shadow lines, Carriage House creates a one-of-a-kind look of scalloped-edge natural slate...the perfect roofline for your home.

## StreakFighter® PROTECTION

The ultimate in stain protection, CertainTeed's **StreakFighter** technology uses the power of science to repel algae before it can take hold and spread. **StreakFighter's** granular blend includes naturally algae-resistant copper to combat the ugly black streaking caused by algae and help your roof maintain its beauty for years to come.

## SUPER CONSTRUCTION

An ingenious construction that combines two full-sized base shingles, four layers of protection, and an oversized 8" exposure. Made of the industry's most durable roofing materials, you'll have a roof that really endures the elements.

The super-heavyweight that offers premium performance and the pride and prestige of scalloped slate is a perfect solution for a steeply-pitched roof. Carriage House luxury shingles. A most unique shingle for a one-of-a-kind home.

## Add a Little Accent to Your Roof

For a stylish finishing touch to cap hips and ridges, use Shingle Ridge® accessory — available in colors to match your Carriage House shingles.

## Color Companion Products for Low Slope Areas

With CertainTeed Flintlastic® SA, you can coordinate low slope areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in colors that complement some of the most popular CertainTeed shingles.

## The Ultimate in Protection

### StreakFighter®

Algae Resistance

The ultimate in stain protection.

Those streaks you see on other roofs in your neighborhood? That's algae, and it's a common eyesore on roofing throughout North America. CertainTeed's **StreakFighter** technology uses the power of science to repel algae before it can take hold and spread. **StreakFighter's** granular blend includes naturally algae-resistant copper, helping your roof maintain its curb appeal and look beautiful for years to come.

### CertaSeal®

Uplift Protection

**CertaSeal®** is a fast-activating modified asphalt sealant with a 20-year record of proven performance. Designed to seal shingles together upon installation, it protects roofs from wind uplift and shingle blow-off so that homes stay safe and dry. It's also engineered to remain flexible after installation, unlike harder sealants that can dry out and crack over time.

# Integrity Roof System™

A COMPLETE APPROACH TO LONG LASTING BEAUTY AND PERFORMANCE

With as much care as you take in selecting the right contractor, choosing the right roof system is equally as important. A CertainTeed Integrity Roof System combines key elements that help ensure you have a well-built roof for long-lasting performance.
