

Archmaker™ Corner Bead

Provides true, uniform, curved, or arched reinforcement

Conforms to most arched and curved designs. #2 is a heavier version of the corner bead used for increased damage resistance. #1XArch and #2XArch are designed with a shorter, 1-1/2" flange for narrow returns.

Produced with exterior grade-PVC and have a uniform thickness with feathering at the flange ends. Smooth, rounded noses and easily-bent Archmaker™ corners provide solutions across a variety of conditions. Provides hard-to-damage, rust-proof, and straight corners. Large triangular perforations allow material to easily flow through and bond to the substrate for a more durable corner. Standard length is 10ft. on all corner beads.

Product Data & Ordering Information:

Product code	Ground	Flange (A)	Flange (B)	Pcs./Box
#1Arch	All	2-1/2"	2-1/2"	50
#2Arch	All	2-3/4"	2-3/4"	40
#1XArch	All	2-1/2"	1-1/2"	50
#2XArch	All	2-3/4"	1-1/2"	40
