Henry® Company

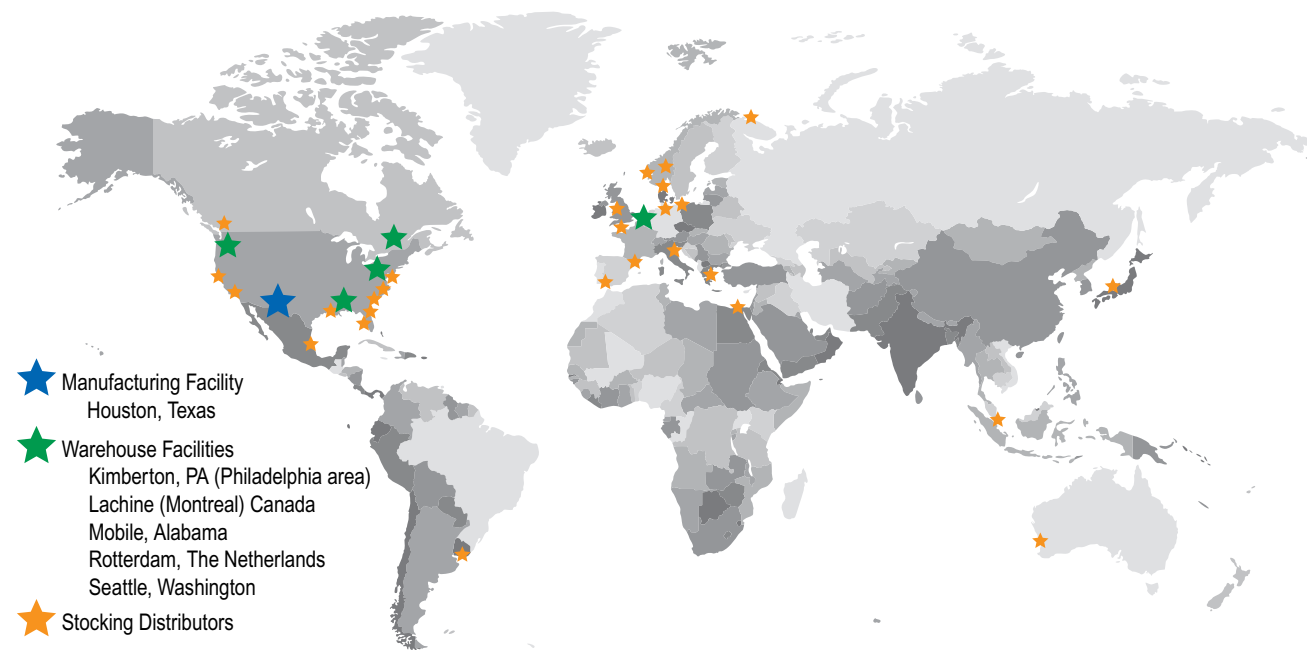

Diplomatic Marine, Inc., a manufacturer of Hatch Cover Tapes since 1968, was acquired by Henry® Company in 1990. Henry® Company's roots date back more than 75 years. Henry Performance Additives Group is a major supplier in the field of cargo protection and hatch cover security. Ram-Nek®, Maritape® and Gulf Seal® Hatch Cover tapes are available to ship suppliers in major ports worldwide.

From the beginning, Henry® Company's strong commitment to research and development has resulted in numerous breakthroughs in cargo protection products and sealants, mastic, asphalt and reflective coating technologies. These breakthroughs have created some innovative "firsts", establishing the Henry® name as being synonymous with quality. These accomplishments have also earned the Henry brand the title, **#1 Choice of Professionals®**.

Henry has a marine products manufacturing facility in Houston, Texas, and maintains stock in six warehouses in North America and Rotterdam. Henry® products are stocked by distributors in North America and many of the major ports worldwide.

With a strong distribution network, Henry can successfully link ship owners with marine suppliers so that Ram-Nek® can be delivered onboard a vessel in over one hundred ports worldwide.

Henry's Worldwide Distribution

The Difference Between Damaged and Undamaged Cargo

You cannot always predict the weather. You can, however, predict the protection your cargo will get from Henry®'s hatch cover sealants and sealant systems. These products have been protecting cargoes for over three decades and are available through a worldwide network of stocking distributors. When you specify Henry® products like RAM-NEK® Premium Heavy Duty Sealant, GULF-SEAL® Heavy Duty Hatch Cover Tape and MARITAPE® Hatch Cover Tape, you will experience the difference between damaged and undamaged cargo—Diplomatic Marine is the difference.

PROTECT YOUR INVESTMENT

Why take the risk on sub-brands when you can get the original high quality Ram-Nek®.

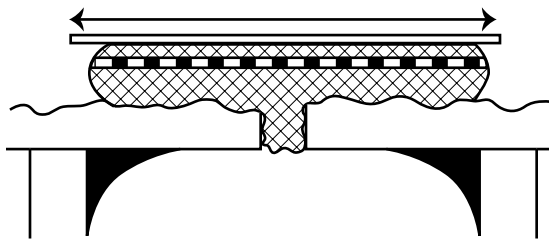

RAM-NEK® Premium Heavy Duty Hatch Cover Cover Tape

RAM-NEK tape is composed of a unique thick adhesive compound that is reinforced with woven fiber-glass fabric mesh. The RAM-NEK adhesive is packaged between non-removable polyethylene backing and removable release paper. RAM-NEK is available in 3 sizes and is cut into 48" long strips (1.22 m) for easy installation.

- Proven performance over 40 years
- Unique components set the standards
- Adhesion with an extraordinary bond
- Penetration – penetrates and stays in all surface pits and crevices
- Unmatched quality
- Very good pliability under low temperatures

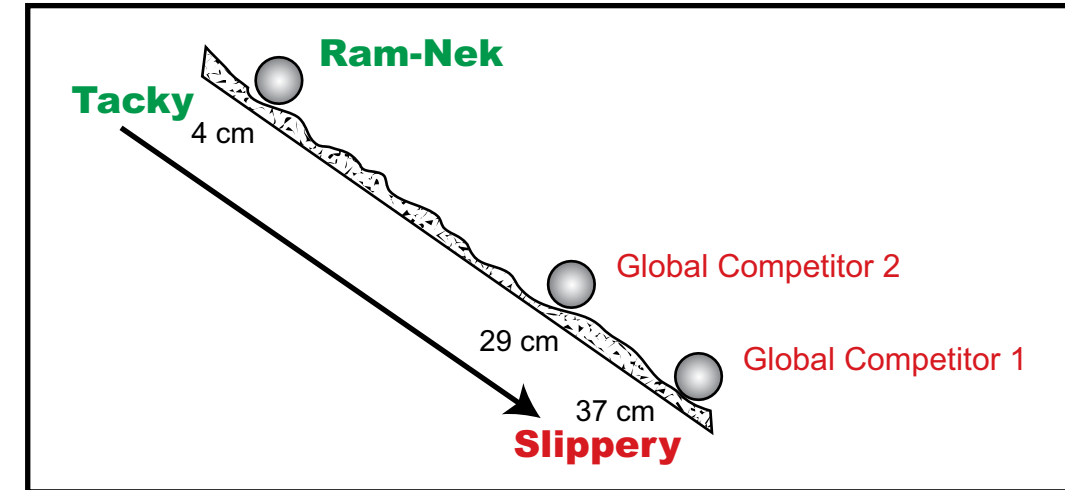

RAM-NEK Premium Heavy Duty Hatch Cover Tape is designed to penetrate into rough pitted surfaces and to stretch when the hatch sections "work."

	2002 ISSA Code	Sizes	Length/Carion
Ram-Nek (strips)	43.003.06	3" (75 mm)	240 ft (72 m)
	43.003.07	4.3" (110 mm)	120 ft (36 m)
	43.003.08	6" (150 mm)	120 ft (36 m)

INSTALLATION OF RAM-NEK Premium Heavy Duty Hatch Cover Tape

Tack Test

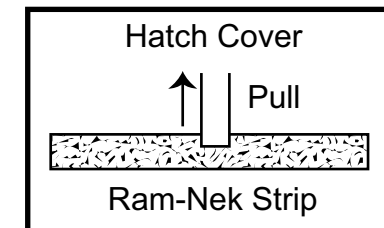

12" track of tape at 35°, 1/2" ball bearing, room temperature 40° F (4.4° C)

Low Temperature Pliability — Tested at 40°F (4.4°C)

Is it workable at cold temperatures?

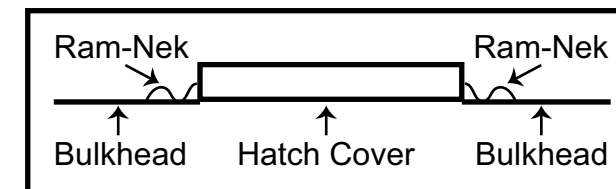

Ram-Nek	Very Good
Global Competitor 1	Fair
Global Competitor 2	Poor

Metal Adhesion Pull Test-Cold Temperatures — Tested at 40°F (4.4°C)

Ram-Nek Holds	1.2 lb/in
Global Competitor 1	1.1 lb/in
Global Competitor 2	< 0.5 lb/in

Fills Voids, Penetrates Gaps

Ram-Nek Penetrates 3–10x Better

Ram-Nek	3–5 mm
Global Competitor 1	1 mm
Global Competitor 2	.05 mm – 1 mm

1/4" x 2.5" groove, 200 lb. compression, room temperature

GULF-SEAL® Heavy Duty Hatch Cover Tape

GULF-SEAL strips are available in 2 widths and is cut into 48" long strips (1.22 m) for easy installation.

- **Very competitively priced**
- **Out performs competitive strip products**

GULF-SEAL Heavy Duty Hatch Cover Tape was introduced by Henry® Diplomatic Marine in 2001 to satisfy the need for a quality heavy duty tape when initial cost is an issue.

	2002 ISSA Code	Sizes	Length/Carton
Gulf-Seal (strips)	43.003.81	4.3" (110 mm)	120 ft (36 m)
	43.003.82	6" (150 mm)	120 ft (36 m)

RAM-WRAP® Pipe Repair System

Repairs metal, plastic or composite pipe leaks in minutes. The pipe repair system is a complete first aid kit for making emergency, temporary or permanent pipe repairs quickly, easily and effectively. The container includes one roll of pipe-wrap tape, a workable amount of two-part epoxy, rubber gloves and a detailed instruction sheet.

- **Easy to apply, water activated, polyurethane, bandage**
- **Eliminates costly down-time**

	2002 ISSA Code	Sizes	Carton/Vessel Pack
Ram-Wrap	43.003.41	2" x 4' (5.08 cm x 1.2 m)	6 per carton
	43.003.42	2" x 12' (5.08 cm x 3.6 m)	6 per carton
	43.003.43	4" x 12' (10.16 cm x 3.6 m)	6 per carton
Ram-Wrap (vessel pack)	43.003.40	2" x 4' (5.08 cm x 1.2 m)	1 per vessel pack
		2" x 12' (5.08 cm x 3.6 m)	3 per vessel pack
		4" x 12' (10.16 cm x 3.6 m)	2 per vessel pack

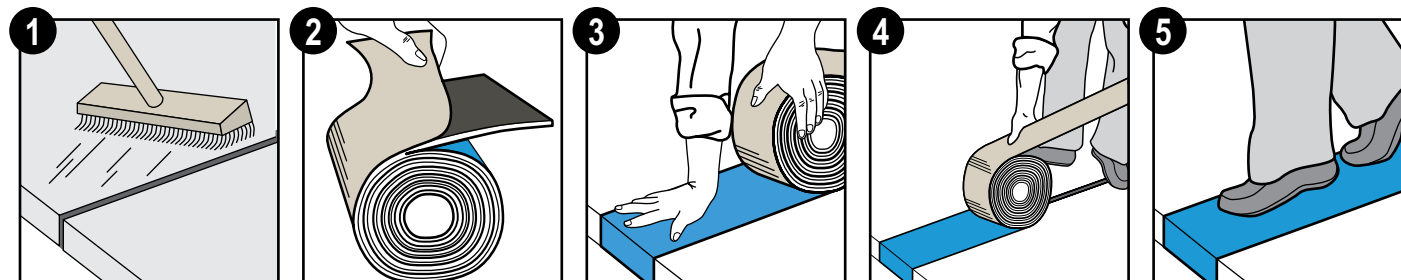

MARITAPE® Hatch Cover Tape

MARITAPE is recommended for marine applications where the weather and sea conditions only demand a medium strength tape. Typical uses include: barge hatch covers, ships' hatch covers (if heavy weather is expected, use RAM-NEK Hatch Cover Tape), tank covers and weather deck doors. MARITAPE is available in 2 widths and packaged in 4 rolls.

- **"Super Stick" adhesive compound**
- **"SEA-TUF" non-tear Poly backing**

	2002 ISSA Code	Sizes	Length/Carton
Maritape (rolls)	43.003.03	4" (110 mm)	200 ft (61 m)
	43.003.05	6" (150 mm)	200 ft (61 m)

- **Hundreds of Thousands of Damage-Free Voyages**
- **Over One Billion Dollars of Cargo Protected**
