10" EXPOSURE

HI-DEF COLORS

CLASS A FIRE RESISTANCE RATING

FULL COVERAGE (100 SQ FT/4 BUNDLES)

# The Luxurious Look Inspired by Slate with Fortress-Like Protection!

IKO Crowne Slate™ designer laminate shingles owe their spectacular appearance to IKO's advanced color-blending technology. It works beautifully to mimic the subtle transitions of natural slate tiles.

Featuring sharp definition, precise square-cut contours and a generous 10-inch exposure Crowne Slate shingles are the largest we make in their class. That's 40 shingles to a square. Some competitors' comparable shingles can have 50 or more shingles per square, so IKO Crowne Slate gives you a minimum of 10% more coverage for potentially faster installation and less waste.

Crowne Slate shingles are constructed with a surface coating of IKO modified asphalt to provide superior weather-resistance. This has helped earn them a Class 4 impact resistance rating.<sup>4</sup> On the roof, these laminated shingles create a dimensional thickness that mimics the look of natural slate. In your hands, their weight will convince you that we've built them to last. They are a great choice for the steeper slopes of estate homes where the roof provides a vast canvas for the homeowner to make a statement.

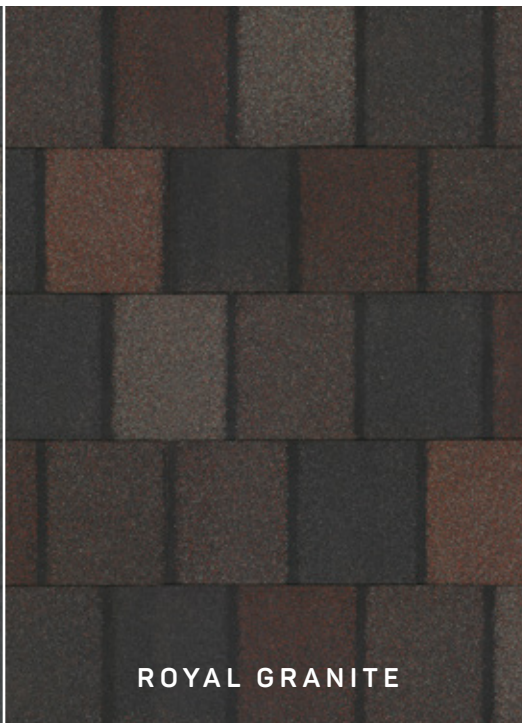

# Crowne Slate™

PERFORMANCE NEVER LOOKED SO GOOD

SPECIFICATIONS <sup>5</sup>	Limited Warranty <sup>1</sup>	Limited Lifetime <sup>3</sup>	Dimensions (L x W)	39 1/2 in (1003 mm) x 13 1/4 in (336 mm)	STANDARDS <sup>6</sup>	ASTM D3462
	Iron Clad Protection <sup>1</sup>	15 Years	Exposure	10 in (254 mm)		ASTM D3018
	Limited Wind Warranty <sup>1</sup>	110 mph (177 km/h)	Coverage Per Bundle	25 ft <sup>2</sup> (2.32 m <sup>2</sup> )		ASTM D7158 – Class H

						FM 4473 – Class 4 <sup>4</sup>

**IMPORTANT!** To ensure complete satisfaction, please view several full-size shingles and an actual roof installation prior to final color selection as the shingle swatches and photography shown online, in our brochures and in our **ROOFViewer**® tool may not accurately reflect shingle color and do not fully represent the entire color blend range nor the impact of sunlight.

**Note:** Product and color availability may vary by region. For products with Miami Dade NOA and FBC product approval, listings are available. Meets requirements of the Texas Department of Insurance. Please contact IKO for details. <sup>1</sup>See Limited Warranty at [IKO.com](http://IKO.com) for complete terms, conditions, restrictions and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements. <sup>2</sup>High-wind application is required. <sup>3</sup>Lifetime\* means the period of time commencing on the date of the completion of the installation of the shingles on the building, and continuing so long as the owner owns the building on which the shingles were installed. <sup>4</sup>This impact rating is solely for the purpose of enabling residential property owners to obtain a reduction in their residential insurance premium, if available. It is not to be construed as any type of express or implied warranty or guarantee of the impact performance of this shingle by the manufacturer, supplier or installer and damage from hail is not covered by the Limited Warranty. IKO recommends the use of its Class 4 impact resistance rated Hip and Ridge cap shingle in conjunction with the use of Class 4 impact resistance rated shingles. For further detail concerning the FM 4473 standards, visit the FM Approvals website. <sup>5</sup>All values shown are approximate. <sup>6</sup>Products are developed with reference to these standards.
