

SUBMITTAL: 1463 SERIES EXTERIOR AED CABINET

The Surface Mount 1463 Series is designed to accommodate most Automated External Defibrillators (AED's) on the market today. Each cabinet is equipped with a 85 dB door alarm to deter tampering. This AED cabinet is constructed of galvaneal steel with powder-coated finish and gasketed to be durable and water-resistant.

Door: Formed door of 18 gauge galvaneal steel with white powder-coat finish, stainless steel turn handle and continuous hinge on exterior of tub. The continuous door bulb gasket provides protection from water intrusion.

Graphics: View AED through a clear acrylic window with screen-printed AED Graphics included.

Alarm: 85 dB Commander (audible) alarm standard, with keyed on/off switch on side of the cabinet. Alarm sounds when door is opened.

Tub: 18 gauge galvaneal steel with white powder-coated finish.

1463F12-912-EXT

STEP 1: ENTER QUANTITY

QTY	MODEL		TUB I.D.		
			A	B	C
	1463F12-912-EXT	Steel—White	15" (381 mm)	15" (381 mm)	9" (228 mm)
