

TREMPRO® 830+

Thermoplastic, Elastomeric Glass and Siding Sealant
That Meets New Canadian VOC Regulations

Product Overview

TREMPRO® 830+ is a remarkable one-part, thermoplastic elastomer engineered specifically to deliver exceptional performance and flexibility in siding applications. What sets TREMPRO® 830+ apart is its unparalleled ease of use that leaves behind an aesthetically pleasing self-tooling bead.

Features & Benefits

- Meets Canadian regulatory guidelines for low VOC and passes ASTM C920
- Excellent adhesion to fiber cement board, wood, glass, vinyl and metal
- Self-tooling
- Extremely flexible - crack proof
- Excellent UV stability
- Consistent application no matter the season
- Extensive standard color offering with capabilities to match any color required
- Adheres to wet or damp surfaces
- Paintable after full cure

Packaging

10.1 oz (300-mL) cartridges

600-mL sausages (for select colors)
