Dow Froth-Pak 160 Foam Slow-Rise Sealant

Product #: W-FP160SR

Dow Froth-Pak 160 Foam Sealant Insulation is a 2-component polyurethane, slow-rise, high-density spray foam for blind cavity and abandoned pipe filling. Offers coverage of 160 bfm / 13.3 cuft. Dow Spray Foam Sealant provides a barrier against air infiltration and helps seal out moisture, dust, pests, and smoke. Ideal for gaps less than 4in wide. Chemically cured to significantly reduce curing times. Once dispensed, product becomes tack-free in seconds and skins over in 30 to 40 seconds

Kit includes:

- A/B Tanks
- Spray dispenser with 9ft hose
- 6 cone nozzles
- 4 spray nozzles
