

DECRA-SEAL™ W/B

Non-Yellowing, Water-Based Sealer for Decorative Concrete

Seal and protect decorative colored concrete with a hard, yet flexible, clear film.

DECRA-SEAL W/B offers improved chemical resistance when compared to standard curing and sealing compounds.

DECRA-SEAL W/B is a non-yellowing, proprietary blend of polymers, high solids, liquid sealer for decorative concrete. The product is clear, transparent, and easy to apply. DECRA-SEAL W/B is designed for various applications, including interior/exterior concrete surfaces, driveways, patios, swimming pool areas, and exposed aggregate, and other interior/exterior surfaces where protection and sealing of concrete is desired. The use of DECRA-SEAL W/B on interior/exterior concrete surfaces provides a durable, long-lasting finish that has improved resistance to stains and abrasion.

FEATURES/BENEFITS:

- Permeable film allows moisture in cured concrete to evaporate
- Provides a totally clear membrane that will not yellow
- Provides a glossy appearance and easier cleanup
- Dustproofs concrete with a tough, durable film
- Designed for use with acid-stained and decorative concrete surfaces
